

GERMANS IN FULL RETREAT ALL ALONG LINE OF BATTLE

RUSSIANS ROUT AUSTRIANS AND REPORT TAKING 80,000 PRISONERS IN NEW BATTLE

Germany Announces Victorious Advance in East Prussia—Servians and Montenegrins Closing in on Sarajevo.

PETROGRAD, Sept. 12.—Tomaszow (southeast of Lublin on the frontier of Russian Poland on the road to Lemberg) has been taken after a desperate fight.

The German troops near Mysine and Chersiele, Russian Poland (on a line due south from Koenigsberg), have been repulsed with heavy losses.

The Russian troops have taken by assault the fortified positions of Opole and Tourbine, Russian Poland, and pursued the enemy twenty-five miles. The Russian cavalry is still driving the enemy's rear guard.

It is announced that the Russian troops have succeeded in separating the left wing of the Austrian army from the troops which were operating around Tomaszow and Kawa Ruska in Russian Poland.

The War Office announces that the efforts of Gen. von Auffenberg to reorganize his fleeing Austrians in Galicia have failed and that his forces are still in full retreat. The losses of the Austrians in the last two days are declared to total 125,000, of whom 80,000 were taken prisoners. It is declared that so many Austrians have been taken prisoners that the problem of caring for them is a most serious one.

The occupation of Tomaszow entailed a desperate change by the Russian forces on a strongly entrenched position. The Austrians, heavily reinforced by the Germans, fought desperately, but were badly cut up and forced to retire in the utmost confusion. The Russians took many prisoners here, including two generals of division. The Germans and Austrians who were driven from Tourbine and Opole in Russian Poland are still being carried by strong bodies of Cossack cavalry.

AUSTRIANS DRIVEN FROM TRENCHES.

The Warsaw correspondent of the Novoe Vremya gives an account of the fighting beyond Lublin, Russian Poland. His despatch follows:

"The Russians were compelled to take several lines of fortifications step by step, ejecting the Austrians from the trenches. I rode along twenty miles of abandoned trenches and saw many guns and much equipment which had been thrown away by the Austrians. Taking up a position near our artillery I watched the progress of the fight.

"For six hours I watched the battle. The artillery fire was maintained in the distance above a wood, shrapnel bursting and white clouds rising over the horizon. Suddenly from the wood appeared a black mass, which, on growing clearer, was seen to be an Austrian battalion which fled out and surrendered. At night the thunder of the cannon alternated with the crackle of rifle fire. The enemy's artillery was located and silenced by ours."

It was announced at the War Office to-day that the Russian field forces have again gained notable successes over the Austrians and Germans along the Russian-Poland and Galician frontiers. In addition it is declared that the driving movement of the Russians against the Austrian main army has resulted in the complete cutting off of the Austrian left wing, commanded by Gen. Dankle, and that its capture or utter destruction is now considered certain.

BERLIN (via The Hague), Sept. 12.—The Germans are driving the Russians before them out of East Prussia, according to an official announcement made at the War Office to-day. The German reinforcements have clashed with the Russian advance and the latter has retired in disorder in the direction of the frontier. German troops, co-operating with the Austrians, have checked the Russian advance from Lemberg and are now pushing them back in the general direction of that city.

BALKAN STATES VICTORIOUS.

The War Office made no morning announcement regarding the progress of the battle in the west. It was announced late last night that the German successes in the center and on the left wing continued. The attack on the strong fortress of Verdun is proceeding satisfactorily and its reduction and capture are considered certain.

NIS, Sept. 12.—The combined Serbian and Montenegrin armies which are marching to capture Sarajevo, capital of Bosnia, are now close to the city. They are driving the Austrians before them and are taking many prisoners. The Bosnian people are welcoming the Servians with open arms and many of them are joining the army of invasion.

Meanwhile, the armies of the Crown Prince have followed up their occupation of Semlin. The towns of Mitrovica, Jara, Herikova, Klenac, Kragujeva and Boljevo, on the Save River, are now held by the Servians. At the same time another Serbian force has crossed the Danube near Belgrade. It is the intention of the Serbian Government to drive the Austrians from the vicinity of Belgrade, which has been almost completely destroyed by the Austrian bombardment.

The Serbian losses in the battle of Semlin are declared to be very small. Those of the Austrians were large. Several thousand prisoners, many guns and general supplies were taken by the Servians.

CHANCE RESIGNS AS THE MANAGER OF HIGHLANDERS

Ex-Cubs Leader Feared He Couldn't Improve New York Americans.

Frank Chance has resigned as manager of the Highlanders. Chance made the announcement himself this afternoon after the game at the Polo Grounds. Frank Farrell verified it. He said he had not yet selected Chance's successor. Chance's resignation was in Farrell's hands a month ago.

Chance is quitting because of outside interference. After the game he had an argument with Bill Devery, and they called one another some choice names. Chance accused the former chief of causing trouble in the ranks of the players. Later he told the newspaper men that for a long time he was being interfered with by the so-called grand stand managers and was glad to get out.

Chance says he will insist on going West with the team so that he can collect his last month's salary. President Farrell, however, may insist that he quit at once.

Farrell denied that anyone had interfered with Chance as manager, and if he failed to make good as a leader it was his own fault. He did not know who would lead the team next season.

Chance came to the Highlanders two years ago at a salary said to have been \$15,000.

It will be recalled that Manager Stallings, who is leading the Boston Braves at the present time, had to quit the Highlanders because of interference from the so-called "club" that sits in the grand stand every day.

FORTS AND CANNON ABANDONED BY GERMAN TROOPS, ALLIES SAY

Paris Reports That Invaders Are Falling Back Precipitately on Right, Centre and Left Wings—Vitry-le-Francois Is Evacuated by Germans—Gen. Gallieni Declares Kaiser's Armies Can Never Reach Paris—Von Kluck's Army in Danger—Artillery of an Entire Corps Captured—German Losses Are Enormous.

PARIS, Sept. 12.—The official announcement made public at Bordeaux at 3 o'clock this afternoon stated that the German retreat was continued, with the British-French columns hotly pursuing the German right wing along the Aisne River.

It was officially announced that the Germans have evacuated Vitry-le-Francois, where they were very heavily entrenched.

The official communication says:

"On our left wing the Germans have begun a general retreating movement between Oles and Marne.

"Yesterday their front lay between Soissons, Braine and Fismes and the mountain of Rheims.

"Their cavalry seems to be exhausted. The Anglo-

French forces which pursued them encountered on Sept. 11 only feeble resistance.

"At the centre of our right wing the Germans have evacuated Vitry-le-Francois, where they had fortified themselves.

"The Germans also have evacuated the valley of the Saul River. Attacked at Sermaize and at Revigny, they abandoned a large quantity of war material.

"The German forces which have been occupying the Argonne region have begun to give way. They are retreating to the north through the forest of Belouze.

[Soissons is about fifty miles northeast of Paris; Braine is eight miles to the east of Soissons, Dismeis seven miles from Braine, in an easterly direction, and the mountain of Rheims is twenty miles southeast of Fismes and eight miles south of the City of Rheims.

Sermaize is fifteen miles to the east of Vitry-le-Francois and Revigny is five miles east of Sermaize.

The Forest of Belouze is, roughly speaking, ten miles east of the Argonne regions and also ten miles north of Revigny.]

"In Lorraine we have made slight progress. We occupy the eastern boundary of the Forest of Champenoux, Rehalvillers and Gerbenvillers.

"The Germans have evacuated Saint Die.

"In Belgium the Belgian army is acting vigorously against the German troops who are before the fortified position of Antwerp.

"In the Serbian field of operations the Servians have occupied Semlin, Austria."

[Most significant in the statement is the announcement that the German left wing in the region of the Argonne Forest is now falling back. Heretofore the German left has held its own and at times assumed the offensive. That it also is retiring is declared here to show that the retreat of the Germans is now a general one.

The evacuation of St. Die, which is in the extreme eastern part of the southern section of the Department of Moselle, indicates that the French are assuming the offensive throughout the Vosges, from which they were driven a fortnight ago.]

BELGIANS RETAKE MALINES AND AERSCHOT.

LONDON, Sept. 12, 7.25 P. M.—The Belgian Legation announced to-day that the Belgian army had again taken the offensive, which was being pushed satisfactorily. An extended sortie was made on Sept. 10 and the Germans everywhere were forced to retire. Malines and Aerschot were retaken.

Official French Report Declares Germans Fall Back Everywhere

WASHINGTON, Sept. 12 [Associated Press].—The following despatch from Bordeaux, dated yesterday, was received to-day at the French Embassy:

"The French General Staff made known to-day that the First German Army continues its retirement. Three of its army corps were repulsed last night between Villers-Cotterets and Soissons. We have in four days gained from sixty to seventy-five kilometres (38 to 47 miles).

"In the Second Army, the Tenth Corps and the
